Configuration

Door Swing: 90° in and out
B: Radius of Screen Swing = 733mm

☐○ Recommended shower head position

Please ensure product is fitted with moving panel seals in line with bath inside edge.

HydraSEAL

HydraSEAL creates a barrier to restrict leaking!

We have created an exciting new feature, exclusive to MERLYN Bath Screens called HydraSEAL

HydraSEAL acts as an extra barrier, sealing the gap between the seal and the pivot point where water can usually escape.

It contains a high density foam that compresses onto the bath screen to form a tight seal and restricts water escaping from this problem area.

HydraSEAL is now available on our MB1, MB2, MB3, MB3A and MB3B bath screens.
